Series of 2002

MEMORANDUM

TO : ALL VETERINARY QUARANTINE OFFICERS

FROM : DR. JOSE Q. MOLINA
Director

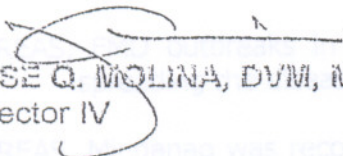

DATE : 25 January 2002

RE : Chicken Importation From U.S.A.

Japan refused to accept the chicken exported by the United States due to the recent outbreak of Bird Flu in the U.S.A. while China refused to accept chicken exported by the United States due to the detection of E. Coli. These rejected shipments might be dumped in our country to recover the losses incurred by the suppliers.

In this regard, you are advised to be on guard for all imported chicken from U.S.A. and ensure that this is not diverted from Japan, China or other countries.

For your compliance.
